

Location: Taaeen/ ADNOC

Date: April 2025

Duration: 5 Days

Fee: English

Course Title: Defeating Advanced Adversaries - Purple Team Tactics and Kill Chain Defenses

Learning Objectives:

- Understand advanced threat actor tactics, techniques, and procedures (TTPs).
- Implement purple team exercises to identify and mitigate threats.
- Design kill chain defenses to protect critical systems.

Target Audience:

- Cybersecurity Professionals, SOC Analysts, and Red/Blue Teamers

Daily Course Outline:

Day 1: Understanding Advanced Threat Actors

- Tactics, techniques, and procedures (TTPs)

Day 2: Purple Team Exercises

- Simulated attack-defense scenarios

Day 3: Implementing Kill Chain Defenses

- Network security and endpoint protection

Day 4: Threat Intelligence & Incident Response

- Real-time analysis and forensics

Day 5: Hands-on Security Simulation

- Live attack and defense scenarios
